KILLED IN ACTION

PVT. RUSSELL LAFONTAINE

Mr. and Mrs. Sylvan Lafontaine of Lakeshore were advised by the War Department that their son Russell Lafontaine had been killed in action in the European Theatre of war.

This young man had been wounded on two occasions and had returned to the battlefields.

It is the fighting spirit of men, of this type that make our armies stand out as the great fighting machine that it is. This country owes to these boys a debt of gratitude that can never be paid.

We join with the many friends of the family in extending sincere sympathy.

ON 30-DAY LEAVE

EUGENE THOMAS FAYRE, BM 2C U. S. N. R. is enjoying a 30-day leave with his family and friends. He is the son of Victor Fayre of this city. Gene has served three years in the service, with 17 months overseas duty in the Pacific area.

Edward E. Fayard Home Destroyed by Fire

The home of Edward E. Fayard on Main Street Road, was completely destroyed by fire on Wednesday of last week. It was said that Mrs. Fayard was in Mobile and Mr. Fayard had made a fire in the hearth in the living room and had gone to the rear of the house when he heard a sound as of burning wood and rushing back into the house he discovered the entire ceiling of the living room in flames. Being outside the city limits he had no fire protection and was alone in the house. His attempts to extinguish the flames were of no avail but two neighbors, Sylvester and Norman Benigno seeing the smoke came and with their help he was able to save a little of his furniture and his electric ice box. All of their clothing was lost. Mrs. Fayard had some rare vases and figurines which had belonged in the family before they came to America and all of these were lost.

It was a comparatively new house and had recently been done over. Mr. and Mrs. Fayard have the sympathy of the community.

New Board Members Appointed

The Mayor and Commission Council of the city met in regular session this week and appointed Mr. Sam Whitfield and Mr. Joe B. Burrow to serve as members of the City School Board of Trustees. They fill the two vacancies caused by the resignation of Mr. Walter J. Cox and Mr. Jules Burg who has moved his residence to another city.

Bay High Enters Students in Choral Clinic

Bay High is entering ten students in the Choral Clinic to be held at Biloxi on February 9 and 10 under the sponsorship of the Gulf Coast Musical Directors Association. Those going from Mrs. Carl Smith's high school Choral Club will be Barbara Dresner, Mary Leigh Weston, Anne Smith, Thelma Piazza, Gloria Biehl, Jane Dubliss, Jean Pritchard, Lanell Price, Dorothy Register and Marie Parker.

CARNIVAL BALL SAINT JOSEPH'S AUDITORIUM ON SATURDAY NIGHT FEBRUARY 10TH.

The Carnival Ball of 1945 will take place on Saturday night, February 10, at St. Joseph's Auditorium. This marks its twelfth year and each year it has grown more popular. It is one of the outstanding social events of the year, and in addition the receipts derived from the affair goes to one of the most worthy causes in our community. All of the proceeds are turned over to the Sisters of St. Joseph to be applied to their debt fund.

These good women who make untold sacrifices and devote their lives to God and to the education of children have the undivided support of the whole community. It is the work of the Non-Catholic as well as the Catholic that makes this annual event the success that it is. This is a true exemplification of the tolerant spirit that exists in Bay St. Louis.

The various committees under the capable leadership of Dr. J. A. Evans, General Chairman, have done a swell job. They have worked diligently and the results we believe will show that their efforts have been rewarded.

The court will consist of thirty three maids and dukes. The identity of the King and Queen, is kept a secret, and of course this creates much interest. Wherever there may be a group of people you will hear names of possible Kings and Queens discussed.

We feel certain that an evening of much pleasure will be had by all who attend. General dancing will follow the Grand March and will last until midnight.

BOY SCOUT ANNUAL CELEBRATION FEB. 8TH THROUGH FEB. 22ND.

Local To Attend Church Services on Sunday February 18th.

Bay St. Louis proudly boasts of three Boy Scout Troops and the work of the scouts in all civic affairs and in helping the war efforts is well known locally.

Boy Scout week will be observed here with a campaign for raising funds for the scout effort and in urging more of our youth to join the Boy Scouts. Parents now is your time to help your sons to help them selves to be better men both mentally, morally and physically strong.

The foremost military and naval authorities were shocked at the facts concerning America's young men, revealed by the draft. An unbelievably high percentage were found to be unfit for active service because of physical handicaps that could have been corrected in childhood.

Many had mental defects, and a surprising number, in spite of the nation's excellent public school system, were illiterate.

But these authorities were greatly impressed at the splendid showing made by former Boy Scouts.

Admiral Chester W. Nimitz recently wrote to the National Office of Boy Scouts of America, "In the Pacific Ocean Area particularly, Boy Scout training in pioneering, field craft, and the lore of living in the out-of-doors, are better equipped to win out over the enemy and the elements."

General H. H. Arnold was equally outspoken concerning the quality of United States Air Force. "In peace time," he wrote, "the Boy Scouts of America has been an important organization in the daily life of the nation; in war it has become an essential one."

In the shaping of the post-war world, Boy Scouts, because of their character and training, will undoubtedly take an important share. This is recognized by our military and naval leaders.

Admiral Ernest J. King, Commander in Chief of the U. S. Fleet, doubtless had this in mind when he said, "During the post-war period, this country will need the benefit of every thinking mind to shape and direct our destiny. The Boy Scouts of America provides the best of training today to help young men prepare themselves to take their place as American citizens tomorrow."

World Brotherhood is the theme that the Boy Scouts of America are emphasizing this year. "Scouts of the World—Brothers Together" is their slogan for 1945. In recognition of the world aspects of Scouting, they have extended their anniversary week celebration, which usually includes the week of Feb. 8, their anniversary day, and Lincoln's birthday on February 12, to include February 22. February 22 by an interesting coincidence, in addition to being the birthday anniversary of George Washington, is also the birthday anniversary of both the late Lord Baden-Powell, founder of the Boy Scout idea, and Lady Baden-Powell.

SUMPTUOUS BANQUET TENDERED MEMBERS OF FOOTBALL TEAM

Sidelines Club Honors Squad—1945-46 Officers Elected

On Wednesday night, February 7, the members of the Sidelines Club feted the St. Stanislaus Football team at the Hotel Reed. Mr. Lucien Gex served as toastmaster at the ceremonies.

A very tasty banquet was served the nearly one hundred in attendance by Mr. Howard LeTissier, Manager of the hotel. The banquet was preceded by a reception given to all the members of the Sidelines Club.

During the course of the banquet awards were made to the members of the Football team who earned their right as lettermen during the playing season. These awards were made by Brother Felician Athletic Director.

Short talks were made by several members of the Sidelines Club lauding the merits of the entire football squad. Brothers Casimir and Adalbert, President and Coach of St. Stanislaus, gave brief talks also.

At the conclusion of the evening's celebration, the annual election of officers of the Sidelines Club was held. After the usual formalities the following members were elected for the year 1945-1946: Dr. Marion J. Wolfe, president; Mr. Vincent Morreale, vice-president; and Mr. Thomas "Red" Chapin, Secretary and Treasurer.

SUMMER ROUND UP

On the most important projects of the Mississippi Congress of Parent Teachers, a health project, known as Summer Round Up, is an attempt to see that every child entering school for the first time is free from remediable defects. Mrs. H. W. Stigler, Health Chairman of the Mississippi Congress, urges each PTA unit to register now for this work this summer. The Parent-Teacher Association in cooperation with the State Board of Health and the County Health units is making it possible for every child to have a thorough physical examination before beginning school.

The membership of the Mississippi Congress of Parents and Teachers is now above the 24,000 mark and the goal of 30,000 members is sure to be reached by April 1st, says Mrs. B. L. Coulter, State Membership Chairman.

The membership in Bay St. Louis is now 270, and great progress is being made in the work, under the capable leadership of Mrs. Eugene Morgan as president.

"We need a balance wheel for our war activities, some means of keeping our sense of proportion when the all-out war effort seems to obscure everything else and the PTA is the organization which seeks to put first things first," says Mrs. D. R. Jenkins, State President.

have had the benefit of Scout training during the thirty-five years since the Boy Scouts of America was first organized. To this should be added the millions in over seventy different lands who have been members of foreign Scout associations. These young men are dedicated to the cause of tolerance, of democracy, of friendship among the civilized nations of the earth.

MISS ANNA PITALO CROWNED SODALITY VALENTINE QUEEN

Philip Shall Honored As King of Affair

On Monday evening, February 5, the St. Stanislaus Sodality under the direction of Brother Donald held the first Valentine Queen coronation in the history of the school. At that time the very gracious and charming Miss Anna Pitalo of the St. Joseph Academy was crowned as the Valentine Queen. Her sponsor Philip Shall reigned as King. The beautiful gold and scarlet train of the regalia Queen wore the First Duke. The other members of the court in the order of precedence were: Miss Libby Doleac sponsored by Elmo McFarlain; Miss Melanie Bourgeois sponsored by Guy Drew; and Miss Jacqueline Quintini sponsored by Carl Johnson. Elmo McFarlain could not attend the ceremonies due to illness and was replaced by Carl Olschner.

Following the coronation an informal program was in order with dancing, singing, games, predominating. The St. Stanislaus orchestra under the direction of Brother Romuald furnished the delightful music. This was the official debut of this new organization, and the personnel are to be complimented for the splendid music they provided. Miss Helen Martinson of the St. Joseph Academy was the vocalist with the orchestra. Her sparkling renditions were greatly appreciated and added the needed zest to the musical program.

The Sodality chorus also rendered several numbers for the benefit of the social. The members of this group are Morris Nelson, Jack Carter, Carl Fasold, J. H. Bonck, Douglas Webb, Francis Fabacher, Warren Gallienne, Harvey Killeen, Eddie Steiner, James Martin, and the accompanist, Frank Tycheen.

Songs were given by Harvey Killeen, Warren Gallienne and Morris Nelson.

The social was well attended not only by the student bodies of St. Stanislaus and the St. Joseph Academy but also by the parents and friends of the institutions. All were well pleased with the affair.

Once more we wish to take this opportunity to thank all of those who took part in the social or in its preparation. Particularly, in the name of the students, we thank Brother Donald for his untiring efforts in making these socials such grand successes.

Special Notice of N. C. C. W. Meeting

M. As we are hostesses it is hoped that the Bay St. Louis ladies will attend.

A Call To Prayer

FARMERS COOPERATIVE CREAMERY TO OPEN SOON

The renovation of the building, purchased by the Board of Supervisors of Hancock County to be leased to the Farmers Cooperative Association, has been completed. The bulk of the machinery and equipment has been received and the installation should start shortly. Another industry will then be in operation in Bay St. Louis. It is contemplated that approximately 15 to 20 men will be employed locally. From persons who are in a position to know, we have been advised that this creamery will be one of the best equipped and most modern plants in the South. The building is located immediately opposite St. Stanislaus football field and is now open for inspection, the public is invited to visit the premises and inspect the building.

Approximately \$17,000.00 worth of stock has been subscribed by citizens of Bay St. Louis and Hancock County. A small block of stock still remains unsold. Anyone desiring to purchase stock in the Association should contact Mr. Hubert Duckworth in the K. C. Building on Main street in Bay St. Louis. It is believed that when the creamery begins operating a considerably large payroll will be made monthly, in Bay St. Louis and that a large sum of money earned by the people of Hancock County, now spent elsewhere, will be spent here at home. Everyone is looking forward to the grand opening.

Slightly Wounded in Action

Mrs. Katie Marquez has been notified by the War Department that her son William Edward Marquez, Technical Sergeant, Army Air Corps, on a B-24 was slightly wounded in action on January 18—over Germany. The message said that further information would follow as soon as a full report had been received from the hospital.

He has a brother Ernest Marquez in the Army Signal Corps in the Pacific Area.

It is hoped that here will be a very encouraging report from Sgt. Marquez soon.

PVT. ALBERT J. FAYRE

John Joseph Fayre, 7-Year-Old Youth Dies of Burns

The entire community was shocked and grieved at the news on Friday that John Joseph Fayre, seven years old had died at 7:15 a. m. Friday morning as a result of burns sustained on Thursday afternoon while playing near his home at about 4:30.

It was said that he had some of his companions and had just returned from school and he and Jimmie Dale Rhymes, aged 8, were playing in a newly erected pig pen near their homes. Jimmie had climbed out of the pen when the straw became ignited and set the other boy's clothing on fire. Jimmie removed a board from the opening of the pen but he had run to the other side of the pen and knocked a board off and crawled out and ran to a hydrant and turned on the water. Another companion Willie Ray Wheat, aged 7, who was playing in a shed in his own yard with John's little brother Larry saw the flames and called his mother who took the burned child to his own home. He was rushed to the Kings Daughters Hospital but all efforts to save him were futile. His burns were of such nature that they did not respond to treatment.

His funeral was held from the home of his parents on Saturday, February 3 at 4 p. m. with services conducted at the home and at the Baptist Church and at the cemetery by the Rev. W. S. Allen. Interment was in Cedar Rest cemetery. His pall bearers were six of his school friends, Fred deGonzal, Howard Parker, J. L. Gonzales, Benny Levy, Willie Strong and Willie Ray Wheat.

There were a large number of the school children in attendance at the funeral and among the many beautiful floral offerings was a large wreath sent by the pupils of the first grade of which he was a member and teachers.

John Joseph was a member of the Baptist Sunday School and was a general favorite with his teachers and his playmates. The three boys named all lived near each other and were friends and as far as could be learned were the only witnesses to the fire. It is not definitely known just how it came.

His parents, Mr. and Mrs. John Joseph Fayre, Sr., are receiving the sympathy of the entire community at the death of the child. There is something very sad in the death of a young child but it is doubly sad when it is an accidental death. It is hoped that they may receive some measure of comfort knowing that at no time and at no place where this tragedy has been mentioned there has not been sympathy expressed for them and deep regret at the passing of one so young.

Other children are Marrietta, Joseph Paul, Loreta Mae, Larry and a few months old baby.

TAX COLLECTIONS

At the close of business on January 31 the Treasury had in the general fund balance \$12,386,934.80. This is slightly less than was shown at the close of December because of heavy payments being met. Collections through the Tax Commission in January reached a total of more than two and a half million this being approximately 400 thousand in excess of the amount collected in January 1944.

THE SALES TAX UP

The sales tax accounted for \$1,725,786.55 in January this being more than 250 thousand dollars in excess of the amount collected from sales tax in January 1944. January collections for income tax was \$321,084.60 running well above the 1944 collection. The tobacco tax in January amounted to \$274,186.21 running below in January 1944 collection.

COLLEGE PRESIDENTS

The College Board, in session in Jackson last week, re-elected heads of the higher institutions as follows: Dr. A. B. Butts, Chancellor, University; Dr. G. B. Humphrey, President, Mississippi State College; Dr. B. L. Parkinson, President, M. S. C. W.; Dr. W. M. Keithley, President, Delta State. Dr. J. B. George of Mississippi Southern at Hattiesburg was not re-elected and that position is vacant at the present time. The Board will meet again in February.

UNAMERICAN ACTIVITIES

Congressman Rankin of the First Mississippi district is given credit for extending the committee on "Un-American Activities." A new chairman has been chosen and the committee will continue to work along that line, and will probably find plenty to do. Mr. Rankin has rendered a worth-while service to the country in keeping alive the committee.

"BLACK MARKET TAX"

The law known as the "Black Market" tax, in operation since April 1, 1944 has paid into the state, through the State Tax Collector's Office, \$376,000. This amount was paid in the main, if not entirely, on whiskey sold in the State.

GOAL FOR MISSISSIPPI FARMS

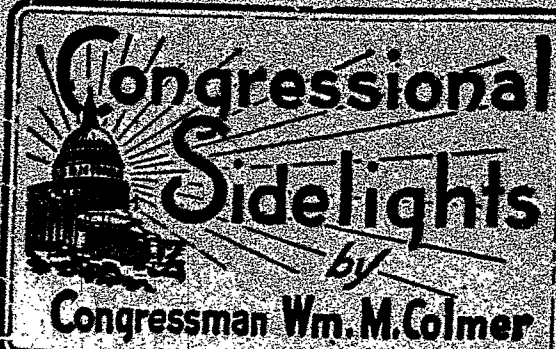

The increased demand for food stuff to supply the army, the home front, and some for the allied nations in the war zones is going to call for the very best there is in the farmers of the United States. In Mississippi the acreage goal will be fully as high, if not higher, than it was last year.

WAR PLANTS

The Jackson Army Air Base has been put back into service and will be a special training field for P-17 bomber units. It will be a unit of the Second Air Force with headquarters in Colorado Springs, Colorado. Lt. Col. Conrad H. Deihl, Jr., will be in command. The Flora plant will be opened about April 1 as a powder loading plant, as first intended. The plant at Grenada will probably be continued in service.

PAPER FIGHTS

We are told that 700,000 different articles and items are wrapped and shipped in paper. There is a shortage of pulpwood, hence a shortage of paper. The quickest way to meet the demand is to save all the waste paper we have. We can do nothing right now that is more important to the war effort than to save and deliver to the proper collecting agency all waste paper we have or can get. Get your waste paper into bundles so it can be banded and you'll have

LIMITED NATIONAL SERVICE LEGISLATION

After largely consuming the week in debate on the May compulsory work bill, The House, passed, this legislation by a vote of 246 to 165. It was the first major controversial bill to be considered by the 79th Congress, and one of the most controversial since the enactment of the Selective Service Law. While there was with some justification a great deal of debate the bill, boiled down, simply provides for the freezing of men between the ages of 18 and 45 in employment essential to the war effort; and forces those physically fit to do such work as those thereby frozen into essential war work. It provides for steep fines or jail penalties for those who fail to comply. The bill as it passed the House is a limited National Service Law so far as men between 18 and 45 are concerned. Therefore, it is a modified compliance to the request of the President, for a universal national service law. Moreover, should it pass the Senate and become the law it is generally conceded that the Administration will not press for an all-out national service law embracing all men and women. In fact, it may be stated that the passage of this bill would be the death knell for such an all-out national service law.

It might well again be observed that the bill is nothing more nor less than a shot gun behind the door. Those men engaged in essential war jobs who stay with their jobs will not be affected by the passage of the bill. Those who are capable of doing war work but who are engaged in non-essential jobs will be driven into essential war jobs.

While this was not our approach to the matter, and while we do not like this bill, it must be admitted that if our boys on the fighting fronts are to be given the support which they need and deserve the bill will have a wholesome effect.

The bill now goes to the Senate, and just what form it will take there is hard to predict. No doubt substantial changes will be made by that body; and then the bill will go to conference if it is passed by the Sen-

Natural gas in the well is a long way from actual service, even though the well is only a stone's throw away from your door. This vital fuel goes through many processes before it is ready for efficient use.

In this "scrubber," for example, natural gas gets a thorough cleaning before it goes to work serving the Gulf South. Yet this is only one of several gas cleaning operations in which the company has invested millions of dollars, to assure the finest possible service to Gulf South war industry and the home.

A. & G. THEATRE SUNDAY-MONDAY "CASANOVA BROWN"

Cary Cooper Has Gay Comedy Role—Teresa Wright Co-Starring

Starring Cary Cooper and Teresa Wright, "Casanova Brown," was built primarily for laughs. Cary Cooper's role is that of Casanova Brown, a literary professor, who, on the eve of his marriage to Madge Ferris learns that he is the father of a child born to Isabel Drury (Teresa Wright) after her parents had had his previous marriage to her annulled.

When he learns that Isabel is offering the child for adoption, he takes the baby from the maternity hospital and hurries to a cheap Chicago hotel. Fearing apprehension and the possibility of having the baby taken away from him, he seeks to make his position more secure by providing the baby with a mother, and proposes marriage to the chambermaid, Monica. She accepts and they visit the Marriage License Bureau.

The climax comes when he is traced to the hotel and confronted by Madge and Isabel and their parents, to say nothing of Monica. From this apparently hopeless situation he manages to extricate himself in a hilarious sequence of events.

Housewives seem to be in complete approval of the recent reinstatement of expiration dates on Red and Blue food stamps. W. E. Holcomb, OPA District Director announced this week.

They realize, he said, that such action is long-range protection for everyone. By announcing expiration dates at the same time as the validation date, the housewife knows how to plan her buying.

"By spreading her spending of points over the entire four-month period they're good," said Mr. Holcomb, "she eliminates any need for a last-minute rush to buy. It will be easier both on her and on the grocer."

"Also," he pointed out, "it will prevent the piling up of a backlog, if allowed to continue, would make it impossible to plan ahead with any security, since the sudden spending of those stamps would empty the stores and cause the entire rationing system to collapse."

New cars available this month—

Gary Cooper has one of the drollest parts of his career and Teresa Wright is helpful as the child's mother. Frank Morgan has a characteristic role as Mr. Ferris, with Isabel Elsom as his domineering wife. Anita Louise is Madge Ferris, the girl who nearly marries Casanova. Isabel's parents are respectively played by Patricia Collinge and Edmund Brason. Mary Treen is Monica, the chambermaid.

Nunnally Johnson produced and wrote the screenplay, while Sam Wood, credited with seven Academy Award nominations, directed. Reactions of critics and commentators point to "Casanova Brown" as being one of the great comedy hits of the season.

2,000 for the entire nation—brings the reserve stockpile of new cars down to just ten thousand, according to Mr. Holcomb.

As he explained, this reserve total is exactly the number of new cars that peacetime America bought in just one day.

"To make one day's supply of new cars last until production resumes after victory," Mr. Holcomb added, "is a pretty tough job. But it can be done, by making present cars continue running until the very last mile that's in them."

He urged all motorists to have their cars checked regularly, drive them carefully, and "coax them along." Car pooling, he said, is the ideal way to prolong car life, for when five men ride to work in the same car one car does the work of five while the other four remain garaged and conserve their mileage.

Setting the price ceilings for the purchase of live cattle by slaughterers should eventually mean a better variety of foods at your local butchers', it is reported by the District Office of OPA.

With limits set on the amount the slaughterer can pay, and later regulations setting the percentages he can buy in certain grades of beef, the new ruling should ease the price squeeze for both meat wholesaler and retailer, and should, according to OPA, result in a better choice of meats at reasonable prices.

Butter supplies this month are slightly less than in January, according to the District Office of OPA. Last month we made away with three million pounds of butter daily, but estimates show February's supplies at two hundred thousand pounds a day.

This lowered quantity of butter, plus the reinstatement of lard, shortening and cooking oils to the point list, put margarine in greater demand, making it necessary to raise the value of margarine to three Red points a pound, said W. E. Holcomb.

The Jackson District Office of OPA almost sent out a hurry-call for help after last week's announcement of the new clothing-control program, Director W. E. Holcomb, said yesterday.

"Seemingly dozens of persons called, wanting to know if lower prices were going into effect immediately," he explained. "We had to tell them such a program takes time. They'll find better selections of lower-priced clothing in the stores all right," Mr. Holcomb added, "but it will be at least Spring before any results from this program can be noticed in the retail stores."

Several changes in the "fixed mark-up" dry grocery regulations have been announced by the OPA, the Jackson District Office, said today, affecting both wholesalers and retailers. The regulations are effective February 9.

Gallon and half-gallon containers of olive oil have been placed in the category of "oils, cooking and salad," thus receiving a lower mark-up than

olive oil in smaller containers. Chocolate syrup for use at soda fountains has been transferred to the "miscellaneous foods" listing at a higher mark-up and placed in the same group as other fountain syrups.

For retailers only, OPA has announced a change in its regulations on fresh apples, making each variety of Northwestern apples and similar quality apples a separate item, to be separately priced. This officially recognizes a price differential that has always existed, District Director Holcomb said.

Shipment of lettuce by airplane may insure its freshness, but can't add to its retail price, OPA said in another decision revoking a permit that previously exempted air-shipped lettuce from price control.

There's more protection for used car buyers, under new OPA regulations that become effective March 1, OPA District Director W. E. Holcomb announced today.

Most of the changes are directed at the "warranty" provision, under which dealers may charge 25% or \$100, whichever is greater, as compensation for putting cars in good condition before selling.

According to Major-Holcomb, many dealers have sold cars at warranty prices, without making any attempt at repairs, or when the dealer's repair facilities (his own or a supplier's) were inadequate to fulfill obligations assumed when selling cars at warranty prices.

Some buyers have also reported that dealers, after selling cars at warranty prices, completely refused to comply with the conditions of their warranties. Until now the buyer has had no recourse, through regular legal action.

Effective March first, these new OPA regulations put teeth into the warranty situation, Major Holcomb says. The dealer will have to furnish a written warranty at the time of sale, and the car must be in good operating condition. For the first time, the expression, "good operating condition" is explained in black and white for the buyer's protection. A sale at warranty price when the car is not in good operating condition is a direct violation of the new OPA ruling.

Dealers who refuse to live up to warranty requirements also will be in direct violation unless they refund to the buyer 30% of the amount necessary to put the car in good operating condition.

All cars must also be tagged when on display, no payment of a "finder's fee" is permissible when such fee, plus the purchase price of the car, exceeds the legal ceiling price, and prices must be reduced whenever standard equipment is missing from the car.

Major Holcomb further emphasized that used car regulations expressly prohibit a seller from requiring a purchaser to finance through any particular lending agency, purchase any equipment or accessories, or require him to trade in another vehicle as part payment on the one he is buying.

OUT-OF-TOWN WEDDING OF MUCH INTEREST

The marriage of Miss Marjorie Louise Killean, daughter of Mr. and Mrs. Joseph E. Killean of New Orleans to Lieutenant Albert H. Willumits, U. S. Army, son of Mr. and Mrs. Michael Willumits of Windsor, Conn., was celebrated in Ogden, Utah, on Tuesday, January 30 in an army chapel, the Reverend Francis M. Flynn, S. J., chaplain officiating.

The bride was given in marriage by her father and her brunette beauty was enhanced by her bridal gown of white shirred satin made on Tudor lines with a marquise yoke. She wore a fingertip veil of illusion caught at the back with a gardenia, and carried a mother-of-pearl prayerbook and a bouquet of gardenias. She also carried a rosepoint lace handkerchief which was used by her mother and her maternal grandmother.

She had as her only attendant her sister Mrs. Sterling Schen of Sioux Falls, South Dakota, who wore an ice-blue marquisette gown with long sleeves, bouffant skirt trimmed in lace and carried an old-fashioned bouquet of pink and sweet pea blossoms, with a spray of similar flowers in her hair.

Lieutenant Willumits had as his best man Lt. John L. Slaughter of Pasadena, California.

Following the ceremony there was a wedding breakfast with the bride's parents and military friends of the bridegroom attending. The couple for the time being will live in Ogden.

The bride's mother was before her marriage Miss Laura Louise Sporn who lived the greater part of her life in Bay St. Louis. The bride attended Nemcomb College where she was a member of Alpha Delta Pi Sorority and later Alumnae president of the sorority. Lt. Willumits recently returned to this country from overseas.
